

NORTHWEST PORTLAND AREA INDIAN HEALTH BOARD
Funding Opportunities

MARCH 2019

Greetings! The NPAIHB - Funding Opportunity is our commitment to the health and well-being of our tribal members.

*PLEASE NOTE: **New funding opportunities** will be available Friday/Monday (*unless there are no "New" grant announcements*).

Please see the "New" Funding Opportunity Information provided in this "color code".

If you have, a specific targeted goal or urgent community need and find yourself not knowing where to start "looking for a grant", our assistance is available anytime and we would be very excited to assist you.

Grants to Support New Investigators in Addressing Cross-Cutting Violence Prevention and Opioid Overdose Prevention: RFA-CE-19-006

DEADLINE: Apr 01, 2019 Electronically submitted applications must be submitted no later than 5:00 p.m., ET, on the listed application due date.

AMOUNT: \$100,000 x 4 awards

DESCRIPTION: The National Center for Injury and Prevention Control (NCIPC) intends to provide support and 75% "protected time" for an intensive, supervised (mentored) career development experience to develop new researchers in the fields of opioid overdose prevention and cross-cutting violence prevention. The intent is to provide resources to young investigators so they can grow their skills by developing and conducting research efforts needed to address NCIPC Research Priorities

(<https://www.cdc.gov/injury/researchpriorities/index.html>), with the potential to investigate new and emerging public health issues. Investigators focused on opioid overdose prevention must propose a research project to investigate risk factors for and strategies to prevent opioid overdose. Investigators may address one of the research gaps identified in the NCIPC Research Priorities

(<https://www.cdc.gov/injury/researchpriorities/index.html>). Beyond the areas explicitly stated in the Research Priorities, research questions of interest to NCIPC include: How can PDMP, coroner, medical examiner, and law enforcement data be used to identify risk and protective factors for opioid overdose? What are the patterns of co-use of prescription opioids and heroin, injection of opioids, and overdose? What strategies are most effective at improving use of prescription drug monitoring programs? What levers can be used to support providers and health systems in improving prescribing, pain management, and overdose response, while minimizing unintended consequences? How can public health systems be improved to support linkage to care for opioid use disorder and overdose?

NORTHWEST PORTLAND AREA INDIAN HEALTH BOARD
Funding Opportunities

MARCH 2019

What public health approaches can be infused into public safety efforts and law enforcement response to improve health outcomes? How can individuals be empowered to make safer choices about opioid use? It is expected that the research could be directly translated to inform strategies being implemented by state and local health departments in addressing the opioid overdose epidemic. Investigators focused on cross-cutting violence prevention must assess multiple forms of violence impacting children or youth (i.e., child abuse and neglect, youth violence, teen dating violence and self-directed violence). Exposure to violence and other adverse childhood experiences can negatively affect health and development across the lifespan. CDC's Preventing Multiple Forms of Violence: A Strategic Vision for Connecting the Dots emphasizes the strategic importance of prevention strategies that address multiple forms of violence (https://www.cdc.gov/violenceprevention/pdf/strategic_vision.pdf). Investigators focused on preventing multiple forms of violence impacting children or youth must address at least one of the cross-cutting violence prevention research gaps identified in the NCIPC Research Priorities (<https://www.cdc.gov/injury/researchpriorities/index.html>) in the context of children or youth. These gaps include the need to: identify modifiable factors that buffer against adversity and aggressive behavior in childhood to reduce multiple forms of violence and enhance positive health outcomes; evaluate the effectiveness and economic efficiency of policies or community-level change strategies designed to enhance the economic and social environment to reduce multiple forms of violence impacting children and youth; evaluate the effectiveness and economic efficiency of early education and support for young children and their families to prevent multiple forms of violence; evaluate the effectiveness and economic efficiency of programs, policies, and practices to enhance young people's skills and relationships that reduce their involvement in multiple forms of violence; and evaluate the effectiveness of dissemination and implementation strategies for child/youth violence prevention and assess factors that accelerate adoption of evidence-based strategies

**Research Grants to Identify Effective Strategies for Opioid Overdose Prevention:
RFA-CE-19-002**

DEADLINE: Apr 08, 2019 Electronically submitted applications must be submitted no later than 5:00 p.m., ET, on the listed application due date.

AMOUNT: \$769,230 x 13 awards

DESCRIPTION: The National Center for Injury Prevention and Control (NCIPC) is soliciting investigator-initiated research that will identify effective strategies for state, community, and systems-level implementation to prevent fatal and nonfatal overdose from prescription and/or illicit opioids. The intent of this Notice of Funding Opportunity (NOFO) is to evaluate the implementation and impact of new or existing strategies in states and local communities that (1) enhance prescription drug monitoring program use; (2) support providers and health systems in improving prescribing, pain management, and overdose

NORTHWEST PORTLAND AREA INDIAN HEALTH BOARD
Funding Opportunities

MARCH 2019

response; (3) enhance public health systems that support linkage to care for opioid use disorder and overdose; (4) infuse public health approaches into public safety and law enforcement response; or (5) empower individuals to make safer choices about opioid use. Research is intended to directly improve the ability of state and local health departments to implement and improve interventions to prevent fatal and nonfatal opioid overdose. Emphasis is placed on supporting studies that generate findings that can immediately be translated into action to shorten the time lag between development and scale-up. The purpose of the amendment is to clarify that the correct date for the Pre-Application Call is February 14, 2019. Details of the Pre-Application Call can be found at the end of the Executive Summary.

Distance Learning and Telemedicine Grants—Opioid -Department of Agriculture Utilities Programs

DEADLINE: Apr 15, 2019

AMOUNT: \$500,000

DESCRIPTION: Authorized by 7 U.S.C. §950aaa, the DLT Program provides financial assistance to enable and improve distance learning and telemedicine services in rural areas. DLT grant funds support the use of telecommunications-enabled information, audio and video equipment, and related advanced technologies by students, teachers, medical professionals, and rural residents. These grants are intended to increase rural access to education, training, and health care resources that are otherwise unavailable or limited in scope.

In March 2018, Congress explicitly appropriated an additional \$20 million for the DLT Program in the Consolidated Appropriations Act, 2018, Pub. L. 115-141, § 775 (2018) "to help address the opioid epidemic in rural America." Approximately half of this funding was awarded in FY 2018 to DLT projects that had opioid treatment as their primary purpose. For the remaining funds, the Agency is soliciting applications that specifically support treatment for, and prevention of, opioid use disorder in rural areas.

Applications submitted under this announcement should address how they will strengthen local capacity to address one or more of the following focus areas:

1. Prevention—for example, educating community members and care providers or implementing harm reduction strategies to reduce the number of fatal opioid-related overdoses and the occurrence of opioid use disorder among new and at-risk users.
2. Treatment—for example, implementing or expanding access to evidence-based practices for opioid use disorder treatment, such as medication-assisted treatment.

NORTHWEST PORTLAND AREA INDIAN HEALTH BOARD
Funding Opportunities

MARCH 2019

3. Recovery—for example, expanding peer recovery and treatment options that help people with opioid use disorder start recovery and avoid relapse.

Research and Evaluation on Violence Against Women: Sexual Violence, Intimate Partner Violence, Stalking, and Teen Dating Violence, FY 2019

DEADLINE: Apr 15, 2019

AMOUNT: \$3,500,000 X 6

DESCRIPTION: The goals of National Institute of Justice (NIJ) Violence Against Women (VAW) program of research are to improve knowledge and understanding of intimate partner and dating violence, stalking, and sexual violence through science to best prevent and respond to these crimes. This call for proposals is tied to Department of Justice priorities related to reducing violent crime, responding to victimization, protecting police officers, and enhancing investigations and prosecution. NIJ strives to support objective and independent knowledge and validated tools to reduce violence against women, promote justice for victims of crime, and enhance criminal justice responses to such crimes.

SMART FY 19 Maintenance and Operation of Dru Sjodin National Sex Offender Public Website - Department of Justice

DEADLINE: Apr 15, 2019

AMOUNT: \$1,000,000

DESCRIPTION: The Adam Walsh Act is designed to protect children and adults from sexual exploitation and violent crime, prevent child abuse and child pornography, promote Internet safety, and honor the memory of Adam Walsh and other crime victims. The Dru Sjodin National Sex Offender Public Website (NSOPW) is a critical component of the SMART Office's strategy to provide a comprehensive national sex offender registration and notification system to notify and protect the public from sex offenders. NSOPW allows law enforcement and the public to search existing state, territory and tribal sex offender registries for public sex offender data. With a single query from any web-capable computer, NSOPW searches state, territory and tribal publicly-available sex offender registration information. With a since query from any web-capable computer, NSOPW searches state, territory and tribal public sex offender registries to deliver results based on name, zip code, or geographic radius.

MARCH 2019

Social and Economic Development Strategies Program (SEDS)

DEADLINE: Apr 15, 2019

AMOUNT: Award ceiling: \$400,000 per year

Award floor: \$100,000 per year

Project period: Up to 36 months

Expected number of awards: 25

Estimated total funding: \$8,400,907

Grantees are required to match at least 20% of the total approved cost with cash and **in-kind resources**.

DESCRIPTION: The Social and Economic Development Strategies Program (SEDS) will award funding to projects that promote economic and social self-sufficiency for American Indians, Alaska Natives, Native Hawaiians, and other Native American Pacific Islanders from American Samoa, Guam, and Commonwealth of the Northern Mariana Islands.

Projects designed to grow local economies, strengthen Native American families, and decrease the high rate of social challenges caused by the lack of community-based business and social and economic infrastructure are particularly encouraged.

Project interests include, but are not limited to:

Community living

Early childhood development

Youth development

Community health

Arts and culture

Safety and security

Substance abuse

Organizational development

Nutrition and fitness

Strengthening families

Suicide prevention

**Strengthening Systems of Care for People Living with HIV and Opioid Use Disorder:
HRSA-19-038**

DEADLINE: April 16, 2019

AMOUNT: Up to \$3,500,000 per year, commensurate with the number of states, anticipated reach, and the scope and complexity of system-level coordination.

DESCRIPTION: This notice announces the opportunity to apply for funding for a new 3-year initiative entitled Strengthening Systems of Care for People Living with HIV and Opioid Use Disorder. The purpose of this initiative is to fund an estimated one (1) to four (4) entities, referred to as System Coordination Providers (SCPs), who will assist states in leveraging resources at federal, state, and local levels for people living with HIV (PLWH) and opioid use disorder (OUD). Specifically, the goal of this initiative is to strengthen system-level coordination and networks of care between the Ryan White HIV/AIDS Program (RWHAP) recipients and other federal, state and local entities funded to respond to the opioid epidemic to ensure PLWH and OUD have access to behavioral health (BH) care, treatment, and recovery services.

This will be accomplished by identifying new and expanded resources to treat persons with OUD, identifying new and existing partners in the system of care, and building and strengthening networks of care between the RWHAP and entities receiving OUD focused resources. This initiative will strengthen and build upon existing systems of care and treatment that will maximize cross-sector collaboration across federal, state, and local partners in order to achieve improvements in the system-level coordination and leveraging of available resources for improving the health outcomes of PLWH and OUD.

While the intent of this initiative is to strengthen systems of care to address OUD, it is likely that increasing collaboration and integration among RWHAP recipients and entities receiving OUD funding may also enhance the system of care for other comorbid conditions for PLWH, such as hepatitis C virus (HCV) infection, sexually transmitted infections (STIs), and other BH disorders as well.

NORTHWEST PORTLAND AREA INDIAN HEALTH BOARD
Funding Opportunities

MARCH 2019

The SCP(s) awarded under this initiative will be responsible for implementing a systemwide assessment of OUD care and treatment, if none is available, and identifying the availability of resources at the federal, state, and local levels to combat the national opioid epidemic. The SCP(s) will assist RWHAP providers in leveraging the use of these resources for the care and treatment of OUD in PLWH, and should capitalize on what has already been done, if relevant. The SCP(s) will ultimately enhance the capacity of these organizations to capitalize on resources directed at addressing the opioid epidemic to improve BH treatments among PLWH and OUD.

Surveillance of Congenital Heart Defects Among Children, Adolescents, and Adults - Department of Health and Human Services, Centers for Disease Control - NCBDDD

DEADLINE: Apr 17, 2019 Electronically submitted applications must be submitted no later than 11:59 p.m., ET, on the listed application due date.

AMOUNT: \$500,000 x 6

DESCRIPTION: The purpose of this program is to support the development of population-based surveillance systems and data linkages for persons with congenital heart defects (CHDs) using non-research CDC cooperative agreements. An estimated 2 million persons in the United States are living with a CHD, yet little is known about their long-term outcomes. High-quality data will improve the public's understanding of the epidemiology and public health significance of CHDs. Surveillance data will allow monitoring of special sub-populations with CHDs and potentially identify risk factors and prognostic factors for identifying opportunities and developing effective secondary prevention strategies directed at reducing the personal and public health impact of CHDs and improving the lives of individuals with a CHD. The planned objectives of this NOFO are: COMPONENT A: Surveillance of CHDs among individuals aged 1-45 years through linkage of existing data sources 1) Develop and implement innovative approaches for conducting surveillance of CHDs among individuals aged 1-45 years; 2) Assess age-specific mortality, healthcare utilization, comorbidities, and other outcomes over time among these individuals. COMPONENT B: Validate codes and develop processes for identifying individuals of all ages with CHDs using healthcare claims data 1) Determine sensitivity and positive predictive value of healthcare claims data for identifying individuals of all ages with CHDs; 2) Determine how validity of healthcare claims data differs by age, CHD severity, CHD type, and other individual or healthcare characteristics; 3) Using healthcare claims data, develop and test different processes to estimate prevalence and examine comorbidities and other outcomes among individuals with CHDs; 4) Inform activities on surveillance of CHDs across the lifespan that rely on understanding the validity of administrative data sources.

**SMART-2019-14905: SMART FY 19 Adam Walsh Act Implementation Grant Program
Department of Justice**

DEADLINE: Apr 18, 2019

AMOUNT: \$400,000 x 75

DESCRIPTION: The Support for Adam Walsh Act (AWA) Implementation Grant Program assists jurisdictions with developing and/or enhancing programs designed to implement the requirements of SORNA. In summary, SORNA requires: (1) all States, the District of Columbia, the principal U.S. territories, and participating federally-recognized Indian tribes to maintain a sex offender registry; and (2) sex offenders to register and maintain a current

NORTHWEST PORTLAND AREA INDIAN HEALTH BOARD
Funding Opportunities

MARCH 2019

registration in each jurisdiction where the offender resides, is an employee, or is a student. SORNA also sets forth requirements for jurisdictions' to include: specified required information, the applicable frequency and duration of registration, participation in the National Sex Offender Public Website (NSOPW), and utilization of the SORNA Exchange Portal. This year's solicitation will focus on three categories: 1) maintaining and enhancing SORNA substantial implementation in states, territories and tribal jurisdictions; 2) support for SORNA activities in counties in implemented states; and 3) support for implementation and integration of the Sex Offender Registry Tool (SORT).

Linking Actions for Unmet Needs in Children's Health Grant Program

DEADLINE: Apr 19, 2019

AMOUNT: Award ceiling: \$800,000 per year; **Expected number of awards:** 15;
Estimated total program funding: \$12,347,121; **Project period:** Up to 5 years

At least 3 awards will be made to tribes/tribal organizations pending sufficient application volume from these groups.

DESCRIPTION: Linking Actions for Unmet Needs in Children's Health Grant Program (Short Title: Project LAUNCH) provides grants to promote the wellness of young children from birth to 8 years by addressing the physical, social, emotional, cognitive, and behavioral aspects of their development to ensure children are thriving in safe, supportive environments, and entering school ready to learn and able to succeed.

SAMHSA expects projects to have a dual focus on infrastructure development and the delivery of services and supports that promote young child wellness and healthy social and emotional development. Applicants should infuse culturally-driven and trauma-informed mental health and wellness promotion practices and mental illness prevention practices into the settings and service systems through which young children and families can be reached. Specific expectations may be found in the application instructions.

Small Health Care Provider Quality Improvement Program - Department of Health and Human Services, Health Resources and Services Administration

DEADLINE: Apr 22, 2019

AMOUNT: \$6,400,000

DESCRIPTION: This notice announces the opportunity to apply for funding under the Small Health Care Provider Quality Improvement Program (Rural Quality Program). The purpose of the Rural Quality Program is to support planning and implementation of quality improvement activities for rural primary care providers or providers of health care

NORTHWEST PORTLAND AREA INDIAN HEALTH BOARD
Funding Opportunities

MARCH 2019

services, such as a critical access hospital or a rural health clinic, serving rural residents. These activities include providing clinical health services to residents of rural areas by funding projects that coordinate, expand access, contain costs, and improve the quality of essential health care services. The program goal is to promote the development of an evidence-based quality improvement culture and to promote the delivery of cost-effective, coordinated health care services in primary care settings. Successfully funded projects will enhance the delivery of health care in rural areas and demonstrate improvements in: 1) patient health outcomes for the rural communities served and 2) the delivery and quality of essential rural health care services by the end of the three-year period of performance. Additional objectives of the program include enhanced chronic disease management and increased engagement of patients and their caregivers. In alignment with the Department of Health and Human Services' (HHS) and Health Resources and Services (HRSA) priorities and current rural health care needs, the FY 2019 Rural Quality Program additionally requests project proposals focus on rural chronic disease management and/or the integration of mental/behavioral health services into the rural primary care setting. You are also strongly encouraged to incorporate quality improvement initiatives that align with Patient-Centered Medical Home (PCMH) and Value-Based Care Delivery (VBC) approaches to care. Both PCMH and VBC apply the concepts of systematic and continuous quality improvement and will help position award recipients to provide high quality, affordable and accessible patient-centered health care services.^{1, 2} Although it is not a requirement, HRSA strongly encourages applicants to form a consortium or network for this program. As health care delivery becomes an increasingly collaborative environment, HRSA finds the formation of partnerships for community-based projects an effective way to meet rural community needs, enhance organizational roles, and expand critical health care services and rural delivery systems. Further, consortia and networks can contribute great value to quality improvement initiatives through leveraging shared resources, information, and participation in incentive programs rewarding health care professionals for the provision of preventive and quality care services. Funding under this program may be used to provide start-up funds for quality improvement initiatives that allow recipients to develop the necessary capacity and ability to obtain funding from other sources. Awarded organizations are not required to, but are permitted, to use funds to obtain or maintain nationally recognized 1 Agency for Healthcare Research and Quality Patient Center Medical Home Resource Center. Defining PCMH. Accessed June 1, 2018 from: <https://pcmh.ahrq.gov/page/defining-pcmh>. 2 New England Journal of Medicine. January 1, 2017. What is Value-Based Healthcare? Accessed June, 2018 from: <https://catalyst.nejm.org/what-is-value-based-healthcare/>. HRSA-19-018 2 quality improvement accreditation such as, PCMH by the National Committee for Quality Assurance (NCQA), among others. Applicants that are health departments and/or partner with health departments are particularly encouraged to pursue such accreditation. HRSA also recognizes how the focus on value among public and private insurers may further serve strategies for post-funding project sustainability. You are encouraged to consider leveraging value-based payment and reimbursement structures for maintaining proposed projects at the conclusion of federal funding, if awarded. Please refer to this NOFO's Project Narrative Methodology section A. Goals and Objectives and C. Sustainability Approach for

NORTHWEST PORTLAND AREA INDIAN HEALTH BOARD
Funding Opportunities

MARCH 2019

more information and additional guidance on this topic. HRSA recognizes rural health care organizations often provide a variety of essential health care services and, if awarded, does not restrict applicants from expanding or replicating proposed project activities as part of implementation efforts during the three-year period of performance. For additional information and guidance, please refer to the instructions included in the Project Narrative section.

OJJDP FY 19 Victims of Child Abuse Act (VOCA) Training and Technical Assistance for Child Abuse Prosecutors - Department of Justice, Office of Juvenile Justice Delinquency Prevention

DEADLINE: Apr 22, 2019

AMOUNT: \$1,500,000

DESCRIPTION: The OJJDP FY 2019 Victims of Child Abuse (VOCA) Act Training and Technical Assistance for Child Abuse Prosecutors program will fund a national training and technical assistance program for attorneys and others who are involved in the criminal prosecution of child abuse to enhance the effectiveness of the investigation and prosecution of such crimes. The successful applicant will be required to provide training and technical assistance that includes information regarding improved child interview techniques, thorough investigative methods, interagency coordination, and effective presentation of evidence in court, including the use of alternative courtroom procedures. This training and technical assistance program will address a wide range of topics related to improving the investigation and prosecution of child abuse and neglect. Training and technical assistance will be provided to prosecutors who prosecute child abuse cases in juvenile and adult courts. The training and technical assistance program will address emerging topics in the field, such as serial child torture, abusive head trauma, prosecution of abusive burn cases, drowned child cases, and defending the forensic interview at trial.

Social and Economic Development Strategies Program (SEDS)

Implementing Evidence-Based Health Promotion Programs for Children with Attention-Deficit/Hyperactivity Disorder (ADHD) or Tourette Syndrome (TS) - Department of Health and Human Services, Centers for Disease Control - NCBDDD

DEADLINE: Apr 26, 2019 Electronically submitted applications must be submitted no later than 11:59 p.m., ET, on the listed application due date.

AMOUNT: \$900,000 x 2 awards

DESCRIPTION: The purpose of Implementing Evidence-Based Health Promotion Programs for Children with Attention-Deficit/Hyperactivity (ADHD) Disorder or Tourette Syndrome (TS) is to improve the health of people with ADHD or TS by developing and providing health communication and education resources to professionals and the public based on best evidence. Program strategies include 1) Providing Information, Consultation and Referral Services, 2) Developing and Disseminating Health Communication Programs and Materials, and 3) Developing and Delivering Health Education Programs. This award builds upon and expands previous efforts by incorporating current evidence on health communication and health education strategies, and on ADHD or TS to provide information, education, and consultation about assessment, diagnosis, treatment, health and well-being for children with ADHD or TS. The intended long-term outcomes are to

NORTHWEST PORTLAND AREA INDIAN HEALTH BOARD
Funding Opportunities

MARCH 2019

promote optimal health and well-being of children with ADHD or TS by increasing awareness of available support services and evidence-based treatments for ADHD or TS among healthcare and educational professionals, and the public; knowledge about ADHD or TS among individuals who receive information or educational materials; knowledge about ADHD or TS among individuals who attend education programs; and intent to adopt health behaviors, evidence-based treatment, or educational strategies among individuals who attend education programs and individuals who receive educational materials.

Multiple Approaches to Support Young Breast Cancer Survivors and Metastatic Breast Cancer Patients - Department of Health and Human Services, Centers for Disease Control - NCCDPHP

DEADLINE: Apr 30, 2019 Electronically submitted applications must be submitted no later than 11:59 p.m., ET, on the listed application due date.

AMOUNT: \$600,000 x 7 awards

DESCRIPTION: The proposed program's purpose is to increase the availability of supportive services for young breast cancer survivors (YBCS), young women with metastatic breast cancer (mBC), and their caregivers and families by supporting organizations and entities that serve this population. The awardees will address strategies relevant to the target audience. These include: the establishment of a network of survivors and caregivers to facilitate policy, system, and environmental change interventions that increases access to lifestyle programs, clinical preventive services, and cancer care among survivors; development and implementation of innovative technological educational opportunities for health care providers on topics relevant to the delivery of appropriate treatment and care of YBCS and mBC; and utilization of patient navigation and community health worker program strategies to reach underserved populations to enhance their access to and utilization of YBCS services and programs. To this end, activities funded by this NOFO, are intended to support organizations in closing the disparity gap needed to support young breast cancer survivors. Specifically, organizations will implement strategies that aim to reduce disparities observed in survival and quality of life due to race, ethnicity, or other social determinants of health. This NOFO will also support organizations in providing support services/programs to YBCS and mBC; and provide resources for health care providers in caring for all YBCS and mBC regardless of race, ethnicity, age, or sexual orientation during the period of performance of 09/30/2019 - 09/22/2024.

MARCH 2019

Expanded Definition of Student Success Challenge

DEADLINE: Tuesday, March 12, 2019 at 11:59PM Pacific

AMOUNT: In addition to participation in two in-person convenings and a twelve-month virtual accelerator program, challenge winners will receive grants ranging from \$50,000 to \$150,000 (depending on product stage).

DESCRIPTION:

Why an Expanded Definition of Student Success?

The importance of an expanded definition of student success

Every young person in America deserves to finish high school prepared and inspired to create and live a good life, full of opportunity, choices, connection, and meaning. To reach this aspiration, students need to develop a strong academic foundation as well as other important mindsets, habits and skills. For the past few years, New Schools has worked closely with our Innovative Schools portfolio to identify and measure an expanded definition of student success. At the same time, education leaders across the country are calling for “a more balanced approach to learning” that is “fundamentally social, emotional, and cognitive,” “acknowledges children are learning all the time,” and “encompasses the broad set of skills, knowledge, and competencies that every student needs to be a lifelong learner, productive worker, and engaged citizen” (The Aspen Institute, 2019). Given the surge in related interest and activities in the field, we decided to conduct market research to determine what role technology might play in supporting an expanded definition of student success. As with prior Ignite challenges, we realize that ed tech alone cannot solve the issues faced by students and teachers. Nonetheless, our conversations with educators and researchers began to uncover several ways that technology might enhance efforts to increase equity and improve academic outcomes by supporting the development of social-emotional competencies as well as improvements in school culture and climate.

Read more about the importance of an expanded definition of student success.

Critical student needs: How technology can support an expanded definition of student success

We conducted market research – including conversations with students, educators, and researchers from across the country – to learn more about the role of technology in supporting an expanded definition of student success. Based on this research, we believe the most promising ed tech innovations will support the development of a range of social-emotional competencies, cognitive skills, and attributes of positive learning environments. In doing so, we expect that challenge winners will address one or more critical area of student need:

Promoting school readiness and skills that enable successful school transitions;

NORTHWEST PORTLAND AREA INDIAN HEALTH BOARD
Funding Opportunities

MARCH 2019

Integrating social-emotional development into core academic learning;

Enabling new ways to measure and analyze an expanded set of student outcomes; and

Building teachers', parents', and communities' capacity to support an expanded definition of student success.

NewSchools worked with our Innovative Schools portfolio to identify seven mindsets, habits, and skills as well as seven school culture and climate factors, which along with academic outcomes make up our expanded definition of student success. For this challenge, we will consider ed tech that addresses these or other areas that are “meaningful, measurable, and malleable” – for example, tools designed to support executive function skills like working memory or cognitive flexibility.

Read more about how technology can address critical needs related to an expanded definition of student success.

Spurring innovation in education technology

Our virtual accelerator program offers an opportunity for the most promising companies and nonprofit organizations working in this space to learn, connect and grow together. In addition to grant funding, challenge winners receive feedback and hands-on support from best-in-class entrepreneurs, educators, researchers and other experts.

Read more about the NewSchools Ignite virtual accelerator program.

Social Justice Fund Northwest

DEADLINE:

The fund has identified multiple opportunities in 2019.

Momentum: Civic Engagement and Strengthening Democracy -- One-year grants will be awarded in support of efforts to engage historically marginalized individuals in the democratic process. **Deadline: March 6, 2019**

Leaderful Movements — Two-year grants will be awarded in support of organizations and groups working to develop the leadership capacity of those most directly impacted by the issues that affect them. **Deadline: April 3, 2019.**

Economic Justice — Two-year grants will be awarded to those working to advance economic equality at the junction of race, class, and gender. **Deadline: July 10, 2019**

NORTHWEST PORTLAND AREA INDIAN HEALTH BOARD
Funding Opportunities

MARCH 2019

Criminal Justice — Two-year grants will be awarded to groups working to dismantle the systemic criminalization of racial minorities and those living in poverty. **Deadline: September 18, 2019**

AMOUNT: The majority of SJF's grants are for general operating support, which provide grantees with the greatest degree of flexibility and self-determination. Our Rapid Response grants are project specific funds.

DESCRIPTION: Social Justice Fund NW provides essential resources to organizations in Idaho, Montana, Oregon, Washington, and Wyoming to strengthen grassroots efforts in the broad-based movement for progressive, systemic social change.

First Nations Development Institute Accepting Proposals for 2019 Native Youth & Culture Fund

DEADLINE: March 12, 2019

AMOUNT: Total requests for project budgets within this funding opportunity should not exceed \$19,500.

DESCRIPTION: The First Nations Development Institute was established by the Native Youth & Culture Fund in 2002 in the belief that Native youth represent the future of Native communities and that their health and well-being determine the future overall health and well-being of those communities. By investing in its youth and giving them a sense of place and tradition, a community ensures that it will have bright and capable leaders in the future.

To that end, the institute is accepting proposals for projects focused on Native youth that incorporate culture and tradition to address issues such as drug and alcohol abuse, teen pregnancy, and mental health in Native communities. Through the fund, approximately twenty grants of up to \$19,500 will be awarded to Native organizations and tribes looking for ways to preserve, strengthen, and/or renew Native culture and traditions among Native youth.

The institute encourages projects focused on the preservation, strengthening, or renewal of cultural and/or spiritual practices, beliefs, and values; that engage both youth and elders in activities with demonstrated methods for documenting traditional knowledge, practices, and/or beliefs; that strengthen youth leadership and capacity to lead through integrated educational or mentoring programs; and/or that increase access to and the sharing of cultural customs and beliefs through the use of appropriate technologies (traditional and/or modern).

Overdose Data to Action: CDC-RFA-CE19-1904

DEADLINE: May 02, 2019 Electronically submitted applications must be submitted no later than 11:59 p.m., ET, on the listed application due date.

AMOUNT: \$7,100,000 X 78

DESCRIPTION: The complex and changing nature of the opioid overdose epidemic highlights the need for an interdisciplinary, comprehensive, and cohesive public health approach. States, territories, and local partners need access to complete and timely data on prescribing, and on nonfatal and fatal drug overdoses to understand the scope, direction, and contours of the epidemic. They also need the tools and resources to then use data to inform and target their prevention and response efforts. This NOFO integrates work funded through three previous CDC funding opportunities: Prescription Drug Overdose Prevention for States (CDC-RFA-CE15-1501), Data Driven Prevention Initiative (CDC-RFA-CE16-1606) and Enhanced State Surveillance of Opioid-Involved Morbidity and Mortality (CDC-RFA-CE16-1608). This three-year funding opportunity will continue work focused on: increasing comprehensiveness and timeliness of surveillance data; building state and local capacity for public health programs determined to be promising based on research evidence; making Prescription Drug Monitoring Programs (PDMPs) easier to use and access; and working with health systems, insurers, and communities to improve opioid prescribing. It adds new work focused on linkages to care and other areas of innovation supported by evidence-based practice.

Research and Evaluation on White Collar Crime: Health Care and Elder Fraud, FY 2019 - Department of Justice, National Institute of Justice

DEADLINE: May 02, 2019

AMOUNT: \$2,500,000 X 3

DESCRIPTION: NIJ is seeking applications for funding research and evaluation projects that will improve our knowledge on how to identify, prevent, and reduce white collar crime in the United States. There are many types of offenses that may be classified as white-collar crime. This solicitation focuses on three types of white-collar crime: health care fraud, cyber-crime against individuals, and elder fraud. NIJ will support scientifically rigorous research and evaluation projects that will advance our understanding of white-collar crime and effective approaches for identifying, preventing, investigating and prosecuting white

Seventh Generation Fund for Indigenous Peoples Grants

DEADLINE: May 10, 2019

AMOUNT: Up to \$50,000 depending on the program type.

DESCRIPTION: Seventh Generation Fund for Indigenous Peoples grants provide funding to native community-based projects in the areas of:

Supporting strategies for building viable, culturally-ecologically-economically healthy communities grounded in Indigenous language, creative expression, life ways, and worldviews

Supporting Native women-led work around the response to, prevention of, and healing from violence against Native women

Protecting earth's natural systems and ability to nurture and sustain life by supporting Native land stewardship practices and the defense of land and waters

CDC-RFA-PS19-1907 National Center for HIV-AIDS, Viral Hepatitis, STD, and TB Prevention Department of Health and Human Services Centers for Disease Control - NCHHSTP

DEADLINE: May 15, 2019

AMOUNT: \$600,000

DESCRIPTION: Three curable bacterial sexually transmitted diseases (STDs): chlamydia (CT), gonorrhea (GC), and syphilis are nationally notifiable and have historically been the focus of federally funded STD prevention programs throughout the U.S. In 2017, 2.3 million cases of these STDs were reported to CDC, reflecting an increase of 35% since 2013[1]. However, these cases do not fully reflect the burden of STDs as many infections are asymptomatic and never diagnosed and reported - and this does not include other STDs that are not nationally notifiable. STDs can have long-term health consequences in addition to the immediate impact on an individual's health. STDs are also an economic burden on the U.S. healthcare system costing billions annually [2]. Persons with STDs are at risk for acquisition or transmission of HIV and represent

Special Emphasis Notice (SEN): Health Services Research Priorities for Achieving a High Value Healthcare System R01

DEADLINE: June 5, 2019

AMOUNT: The total costs (direct and indirect costs) awarded to a grant under this FOA will not exceed \$400,000 in any given year for the entire project period. An application with a budget that exceeds \$400,000 total costs in any given year will not be reviewed.

Application budgets should reflect actual needs of the proposed project, within the total costs cap.

Funds may be used only for those expenses that are directly related and necessary to the project and must be expended in compliance with applicable Uniform Administrative Requirements, Cost Principles, and Audit Requirements for HHS Awards (45 CFR Part 75) and the HHS Grants Policy Statement.

DESCRIPTION: The Research Demonstration and Dissemination Grant (R18) is an award made by AHRQ to an institution/organization to support a discrete, specified health services research project. The project will be performed by the named investigator and study team. The R18 research plan proposed by the applicant institution/organization must be related to the mission and priority research interests of AHRQ.

National Child Welfare Capacity Building Center for Courts – DHHS

DEADLINE: Jun 07, 2019 Electronically submitted applications must be submitted no later than 11:59 p.m., ET, on the listed application due date.

AMOUNT: \$1,600,000

DESCRIPTION: The purpose of this funding opportunity announcement is to create, through cooperative agreement, a National Child Welfare Capacity Building Center for Courts (Center). The mission of the Center is to build and enhance state and tribal court capacity for continuous quality improvement in child welfare legal proceedings and to promote meaningful and ongoing collaboration between courts, state child welfare agencies, and tribes to improve child welfare outcomes. The Center will work collaboratively with other Children's Bureau supported technical assistance providers to improve child welfare systems in achieving measurable, sustainable systemic change that results in greater safety, permanency, and well-being for children, youth, and families. Special focus areas for technical assistance will include removing barriers to adoption and permanency, and strategies for preserving families. The Center will serve as the primary technical assistance provider of universal, targeted, and intensive T/TA to State and Tribal Court Improvement Programs. The project period will be a 60-month project period with five 12-month budget periods.

FEBURARY 2019

National Dental Practice-Based Research Network: Clinical Trial or Observational Study Planning and Implementation Cooperative Agreement (UG3/UH3 Clinical Trial Optional)

DEADLINE: February 11, 2019, by 5:00 PM local time of applicant organization. All types of non-AIDS applications allowed for this funding opportunity announcement are due on this date. Late applications in response to this FOA will not be accepted. Applicants are encouraged to apply early to allow adequate time to make any corrections to errors found in the application during the submission process by the due date.

AMOUNT: The UG3 phase is limited to a total of \$275,000 in direct costs over the entire UG3 phase. If awarded, the UH3 phase is limited to a total of \$1,350,000 in total costs over the entire UH3 phase. Application budgets need to reflect the actual needs of the proposed project. The maximum period of the combined UG3 and UH3 phases is 6 years, with a maximum of 2 years for the UG3 phase and a maximum of 4 or 5 years for the UH3 phase, depending upon the length of the UG3 phase.

DESCRIPTION: The National Institute of Dental and Craniofacial Research (NIDCR) intends to continue support for research conducted within a national Dental Practice-Based Research Network (DPBRN). The NIDCR will fund one national DPBRN Administrative and Resource Center (RFA-DE-19-001) and one national DPBRN Coordinating Center (RFA-DE-19-002) as companion awards to support the infrastructure for and implementation of multiple observational studies and clinical trials. This Funding Opportunity Announcement (FOA) is soliciting applications for clinical observational studies and clinical trials to be conducted in the DPBRN through a milestone-driven UG3/UH3 cooperative agreement mechanism. Each UG3/UH3 award will support an individual project which will utilize the DPBRN infrastructure and resources for study planning and implementation. This FOA supports a UG3 clinical study planning phase and potential transition to a UH3 implementation phase, with a combined total funding period of up to six years. Progression to the UH3 phase is based on an administrative review and is dependent on success in meeting UG3 milestones, consideration of the DPBRN as an appropriate venue for conduct of the research, NIDCR program priorities, and availability of funds.

NORTHWEST PORTLAND AREA INDIAN HEALTH BOARD
Funding Opportunities

MARCH 2019

The main goals of the national DPBRN are to streamline the implementation of national oral health research studies in dental practices on topics of importance to practitioners and their patients, to provide evidence useful in daily patient care, and to facilitate the translation of research findings into clinical practice.

Vaccine and Treatment Evaluation Units (VTEUs) (UM1 Clinical Trial Required) (RFA-AI-18-046) National Institute of Allergy and Infectious Diseases

DEADLINE: February 15, 2019, by 5:00 PM local time of applicant organization. The scope of the proposed project should determine the project period. The maximum project period is 7 years.

AMOUNT: Budgets for direct costs up to \$400,000 per year may be requested for Core funds.

DESCRIPTION: The purpose of this Funding Opportunity Announcement is to solicit applications for the Vaccine and Treatment Evaluation Units (VTEUs) to implement clinical site protocols (clinical research, clinical trials) for evaluating vaccines, other preventive biologics, therapeutics, diagnostics, including prognostic and predictive markers, and devices for the treatment and prevention of infectious diseases as part of NIAID Infectious Diseases Clinical Research Consortium (IDCRC). A companion FOA solicits applications for the Leadership Group for the Infectious Diseases Clinical Research Consortium, hereafter referred to as the Leadership Group (LG), which provides for overall administrative and scientific leadership for the clinical research and clinical trials conducted. While the primary scientific focus will be on product evaluation for NIAID priority areas, including malaria/neglected tropical diseases, sexually transmitted infections, respiratory infections, and enteric diseases, the VTEUs must also provide surge capacity to address emerging infectious diseases.

American Indian Alaska Native Workforce Development Initiative – DHHS/Office of the Assistant Secretary for Health

DEADLINE: Mar 29, 2019

AMOUNT: \$525,000

DESCRIPTION: In 2014 only 67 percent of American Indian students graduated from high school compared the national average of 80 percent. Native students are expelled and suspended from schools at higher rates than their white counterparts. In an effort to address this disparity and to increase the number of American Indian/Alaska Native (AI/AN) youth entering the public health/health workforce paraprofessional and professional careers, OMH will partner with HHS Operating Divisions, and the Department of Education to implement a competitive funding mechanism to support the following strategic actions: develop/implement of a program to foster high school students' interest and success in the health para-professions and bridge programs, including a mentoring program; increase students' positive attitudes and improve their perception of their ability to enter a career; encourage and support students' academic progression through high school graduation and community college and/or undergraduate completion; and identify successful strategies and promising models to disseminate lessons learned to geographically isolated communities. This project will focus on improving high school completion rates among AI/AN students, and increasing the number of those students who earn certifications to work in the health care field and allied health programs. The American Indian Alaska Native Workforce Development Initiative is expected to result in: improved high school completion rates for AI/AN students; improved employment rates of recent high school graduates within two years of program implementation; improved recruitment, retention and completion rates for AI/AN students for high school, community college and/or undergraduate completion; increased number of AI/AN and disadvantaged students pursuing public health/health workforce paraprofessional and allied health careers; and, increased participation and completion rates in high school and dual enrollment programs among American Indian/Alaska Native and disadvantaged students. Support will be provided for up to five entities. Priority geographic areas for this program are Pine Ridge and Rosebud, South Dakota. This initiative aligns with HHS Strategic Goal 1 (Reform, Strengthen, and Modernize the Nation's Health Care System) and Goal 3 (Strengthen the Economic and Social Well-Being of Americans Across the Lifespan).

Indian Health Service Loan Repayment Program

DEADLINE: Aug 15, 2019

AMOUNT: Up to \$40,000 in exchange for 2 years of service.

Service contracts may be extended for as long as there are outstanding qualified loans.

DESCRIPTION: The Indian Health Service Loan Repayment Program (LRP) offers to repay educational loans for eligible health professionals in order to meet the staffing needs of the Indian Health Service (IHS) in Indian health programs. Applicants sign contractual agreements for 2 years of service in a full-time clinical practice at an IHS facility or approved Indian health program.

Opportunities are based on staffing needs and the availability of funds. Distribution of LRP awards are based on a ranking system created to address these needs. IHS identifies hiring priorities for Indian health program facilities with the greatest staffing needs in specific health profession disciplines.

Successful applicants must begin their service obligation no later than September 30 of the fiscal year in which the LRP contract is signed.

Consult the IHS Loan Repayment guide for additional information.

FOR YOUTH: Community Changemaker Grants - Health Policy Fellowship (NIHB)

DEADLINE: N/A

AMOUNT: Everyone whose applications are accepted will receive \$250.

DESCRIPTION: Strong. Resilient. Engaged. Indigenous people are all of the above and more. So when you see something in your community that needs to change, step up and take action. When you are ready to do this, the National Indian Health Board has got your back.

Make a difference: NIHB offers Community Changemaker Grants to assist Native youth in advocating for the health of our communities.

Community Changemaker Grants are small amounts of money (\$250) that can help supercharge a youth-led health event. They are open to American Indian and Alaska Native youth ages 14-24 years old.

Getting Started:

Brainstorm an idea with your friends

NORTHWEST PORTLAND AREA INDIAN HEALTH BOARD
Funding Opportunities

MARCH 2019

Contact NIHB with any questions

Plan a health-related event

Apply for an NIHB Community Changemaker Grant

Use funding from the grant to enhance your event

Send NIHB 1-2 paragraphs (w/ a few pictures or a short video) about your event

NIHB will use the info you send about your event to inspire others to make a difference

How to Use Community Changemaker Funding

Some will use Community Changemaker funding to buy T-shirts for a suicide prevention walk they organize. Others will use this funding to offer snacks and drinks at a round dance where participants learn about healthy foods. Some might even use the grant to cover the cost of a band to play at an event they organize on healthy relationships. Got a vision? We can help.

2019 Tribal Self-Governance Consultation Conference

DRAFT AGENDA: A draft agenda is attached that identifies planned workshop and session topics and key events that will be held during the conference.

SPONSORSHIP OPPORTUNITIES: We still have lots of sponsorship opportunities available! A sponsorship package is attached for your review and consideration. Feel free to share the sponsorship package with entities you do business with that might be willing to invest in the future of Self-Governance!

A special THANK YOU goes out to Choctaw Nation, Citizen Potowamomi Nation, Spirit Lake Nation, Hobbs-Straus Dean & Walker, and SENSE Incorporated for already locking down their partnerships with us as the first sponsors for the event.

FLAG REQUEST: We would like to display flags for all Tribal Nations that currently participate in Self-Governance in the general assembly area.

We would like to receive all flags prior to March 15. After the conference, you can either pick up the flag in person on Thursday afternoon, we can ship your flag back to you, or we can store the flag so we can display it during future conferences. When you place the flag in the mail, please send an email to Tami Snow (tamis@tribalselfgov.org) so we can verify receipt with the hotel. In your email to Tami, please let her know if you want the flag returned by mail, if you will pick it up, or if we can hold it for future year events.

Students of Self-Governance: Conference Scholarship Program

This year we will host a silent auction during the Conference. Proceeds raised from the silent auction will be split between two recipients. A portion of the proceeds will benefit a local organization and a portion will go towards the creation of a conference scholarship fund for college students. We will start the conference scholarship fund this year and will offer registration and travel scholarships to a select number of college students pursuing Tribal Administration or Public Policy degrees starting in 2020. Keep an eye out for an email from Candice Skenandore that will include additional details!

Many Nations, One Goal: Self-Governance

2019 Tribal Self-Governance
Annual Consultation Conference

Self-Governance Communication & Education Tribal Consortium

303 SOUTH FIFTH STREET
MCALISTER, OK 74501
P: 918.302.0252
F: 918.423.7639

Greetings,

For more than 30 years, Tribal Self-Governance has proven to be effective for enhancing the delivery of services to Tribal communities and citizens and has been instrumental in improving Tribal economies and the health and welfare of American Indians and Alaska Natives.

The Self-Governance Communication & Education (SGCE) Tribal Consortium—a non-profit organization that represents more than 370 Tribal Nations that participate in Self-Governance initiatives and assists all 573 Tribal Nations to achieve their own goals of Tribal self-government—hosts an annual Self-Governance conference. This Tribally-led event provides opportunities for Tribal leaders and officials to come together with Federal agencies to learn about leading practices in program administration, build governmental capacity, and to explore opportunities for enhancing Self-Governance.

In 2018, we had more than 900 attendees, including decision-makers and officials from Tribal Nations across the country, federal and state officials, and other interested parties. The 2019 Conference will be held March 31st – April 4th at the Grand Traverse Resort in Michigan. The 2019 conference theme is ***Many Nations, One Goal: Self-Governance***.

Our conference is the only national event focused on furthering and enhancing opportunities for Tribal Nations to further their inherent right of sovereignty through Self-Governance. **Our efforts to expand and enhance Tribal Self-Governance would go even further with you as a sponsor.**

As a sponsor, your organization can select from a variety of sponsorship opportunities (see attachment), and in turn we will promote your organization as a sponsor, provide complimentary registration, and offer many other benefits—dependent upon the level of sponsorship you select.

If your organization is interested in being an official event sponsor or would like to discuss additional opportunities not included in the attachment, please reach out to us at Jay Spaan, Executive Director, at jays@tribalselfgov.org, or Tami Snow, Events Coordinator, at tamis@tribalselfgov.org, or by calling us at 918-302-0252.

Thank you for your consideration and we can't wait to hear from you,

Jay Spaan, Executive Director, SGCE

Sponsorship Opportunities at the 2019 Self-Governance Conference

Why Should I Sponsor?

More than 370 Tribal Nations participate in Self-Governance and many of these Nations are represented at the conference

573 Tribal Nations have the opportunity to pursue participation in Self-Governance and many of these Nations are represented at the conference

More than 900 attendees participated in the 2018 Self-Governance conference

Tribal Nations participating in Self-Governance are not constrained by the same federal agency rules that may hinder Federally-administered programs

Tribal Nations participating in Self-Governance are often at the forefront of innovative program administration and delivery

Self-Governance Tribes administer a wide variety of services to their citizens, including healthcare, pharmacies, forestry management, law enforcement, management of resources, and social programs

YOUR PARTICIPATION AS A SPONSOR WILL HELP ADVANCE AND FURTHER SELF-GOVERNANCE OPPORTUNITIES!

ALL Sponsorships Include:

- Your seal/logo on our website and conference broadcasts
- Your seal/logo on the conference app used by attendees
- Option to include information in the conference bag
- Acknowledgement in the conference program
- At least 1 complimentary conference registration
- Acknowledgement during General Assembly

USB Station Sponsor

Your logo/seal on the flash drives provided to attendees

Quarter-page ad in conference booklet

\$6,000

Inquire About Additional Sponsorship Options!

Reception Sponsor

\$14,000 Name recognition outside of event

Full-page ad in conference booklet

3 complimentary conference registrations

Seal/logo on photo booth

5 minutes at start of event to welcome guests and introduce your organization

2019 Innovation Café: Strategies for Addressing the Social Determinants of Health

What: This one-day event will engage health system leaders and key partners in peer-to-peer learning and networking to spread innovation, with the aim of addressing key social determinants of health. Best practices in health system innovation and collaboration with community-based organizations will be discussed through café-style project presentations and plenary sessions.

When: June 5, 2019, 8 a.m.– 4 p.m.

Where: Oregon Convention Center (tentative), Portland

Audience: CCO and clinic staff, community-based organizations/partners representing key topic areas (see below), and other health system leaders.

Cost: No charge to attendees.

Registration: Registration will open in March. Please visit the [Innovation Café website](#) for additional information.

Call for Project Presentations

Much of the day will be spent in small-group table discussions. Project presentations should focus on linkages between the social determinants of health and health outcomes, health care costs, and/or partnerships with health organizations or health care providers. If you'd like to present a project, please make sure that it addresses one of the following social determinants, and that it focuses on the Medicaid population:

- Housing
- Trauma
- Early learning/early childhood education
- Food insecurity or diaper insecurity

Please submit your brief project proposal at the following link: <https://www.surveymonkey.com/r/RVVJNZS>.

Additional proposal parameters are included in the Survey Monkey link. **Note:** Project presenters do not need to be employed by a health care organization and can submit a project on behalf of a non-health partner organization. Submissions of collaborative projects involving multiple organizations are encouraged.

Presentation format: Informal 20–25 minute small-group table discussions with 15-25 participants. Presenters will share a short project overview using a one-page handout and will then facilitate a discussion with table participants. Presentations may be repeated. **Note:** PowerPoint presentations are not required.

Important dates:

- **Call for projects open:** January 28
- **Project proposals due:** March 22
- **Applicants informed of decisions:** April 19
- **Presenter preparation webinars (must attend one):** May 21, 9-10 a.m.; or May 22, 12-1 p.m.
- **Project one-page handouts due:** May 10
- **Innovation Café:** June 5

2019 Innovation Café: Strategies for Addressing the Social Determinants of Health

Call for Project Presentations:

The Oregon Health Authority Transformation Center invites CCO and clinic staff, community based organizations, and other health system leaders to submit projects for consideration at the Innovation Café on June 5 in Portland. Project presentations will be made in informal 25-minute small-group table settings with 15-25 people. Presenters will share a short project overview using a one-page handout, and will then facilitate a discussion with participants at their tables. Presentations may be repeated. Note that PowerPoint presentations will not be required.

Audience: We anticipate approximately 300 participants, including staff representing CCOs, clinics, community based organizations, and other health care organizations.

Important dates:

- Call for projects open: January 28
- Project proposals due: March 22
- Applicants informed of decisions: April 19
- Presenter preparation webinars (must attend one): May 21, 9-10 a.m.; May 22, 12-1 p.m.
- Project one-page handouts due: May 10
- Innovation Cafe: June 5

Presentation parameters:

- 1) Projects must address at least one of the following topic areas:
 - Housing
 - Trauma
 - Early learning/early childhood education
 - Food insecurity or diaper insecurity
- 2) Presentations must include how projects are financed, challenges and lessons learned.
- 3) Projects must include a focus on the Medicaid population.
- 4) Projects should focus on linkages between the social determinant of health (such as housing) and health outcomes, health care costs, and/or partnerships with health organizations or health care providers.

Proposals will be evaluated on the above criteria, as well as for innovative ideas, demonstrated outcomes, and the geographic representation of the project. Overall, our goal is to feature 40 projects across previously mentioned focus areas within social determinants of health.

Click "Next" to begin your project proposal.

Presenter details

* 1. Primary presenter name:

* 2. Job title/role:

* 3. Please select your organizational affiliation below:

- CCO
- Clinic
- Other health care organization
- Community-based organization
- Early learning hub
- Other organization

* 4. Please list your organization's name in the box below:

* 5. Phone number:

* 6. Email address:

7. Co-presenter names and organizations (if applicable):

Project details

* 8. Project topic area (check all that apply)

- Housing
- Trauma
- Early learning/early childhood education
- Food insecurity or diaper insecurity

* 9. Project title

* 10. Brief project description covering the criteria outlined above (about 50 words):

* 11. Presenter bio(s) - (50-100 words each)

12. Please share any comments or questions not addressed above. You may also contact Tom Cogswell directly at Thomas.Cogswell@state.or.us or 971-673-3366.

**TRIBAL RESEARCHERS' CANCER
CONTROL FELLOWSHIP PROGRAM**

For more information and to apply:

Visit <http://www.npaihb.org/narch-training/>
Email Ashley Thomas at athomas@npaihb.org

Topics will include (not limited to):

- Cancer control study design
- Cancer epidemiology
- Cancer screening
- Cohort studies among American Indians
- Community-based chronic disease programs
- Cultural considerations in cancer epidemiology
- Focus groups
- Grant writing
- Implementing a Native comprehensive cancer prevention and control project

To apply:

Applications are encouraged from American Indians and Alaska Natives with a demonstrated interest in cancer prevention and control. Applications will be available in January and due in March.

Accepted Fellows will:

- Attend a two-week training in June 2019
- Attend a one-week training in Fall 2019
- Receive peer and career mentorship to develop and implement cancer control projects
- Receive financial support to attend trainings and present research findings
- Be connected to a network of experts in cancer control and prevention in Indian Country

Juul's Latest Tactics on Sovereign Tribal Nations

JOIN US: Wednesday, March 6th 1:00 pm PST / 2:00 p.m. MST / 3:00 pm CST / 4:00 pm EST
Join via Zoom: <https://zoom.us/j/641546884>

As you may have heard, JUUL sent company representatives to the Cheyenne River Sioux, tribal health committee, giving out free samples and then seeking approval for a "smoking cessation" program with free JUUL starter kits and a full-time program director "at no cost to the tribe". The proposed partnership with JUUL would not only provide a company being investigated by the U.S. Food & Drug Administration (FDA) with unprecedented data on tribal members, but also the potential to undo years of tobacco prevention progress on tribal lands. JUUL is most likely targeting other tribes for their own profit so we wanted to make you aware of this particular tactic.

Join [ANR Foundation](#), [National Native Network](#), [Great Plains Tribal Chairmen's Health Board](#) and Rae O'Leary, [Cheyenne River Sioux, Canli Coalition](#) to talk about the most recent tactics by JUUL, **Wednesday, March 6th at 2:00 pm MST**.

Initial Application Packet

***19th Annual Youth Leadership Forum
August 4-9, 2019
Dumas Bay Centre, Federal Way, WA***

**Initial deadline to apply: February 1, 2019
(Applications after that date will be accepted on a
“as space allows” basis.)**

We are looking for future community leaders!!

Come join us for the 19th Youth Leadership Forum for High School Students with Disabilities, an exciting, fun, educational, five-night, six-day, Program for youth in transition under the age of 22!!

Application instructions:

- Students must complete all information on pages 3-5 of this fillable application. (If you need help, please ask your parents or teachers or you can call Elaine Stefanowicz, at **(360) 902-9362.**)
- Please type or print with black or blue ink. If you require an alternative format, please contact Elaine Stefanowicz.
- **Mail/Email/Scan** the application to: Governor's Committee on Disability Issues and Employment, Youth Leadership Forum, Attn: Elaine Stefanowicz, PO Box 9046, Olympia, Washington 98507-9046 Email: estefanowicz@esd.wa.gov

Eligibility

This is the **initial application** consisting of the application, student essay questions, signature page, and professional endorsement. The application is a fillable document and may be saved as a file. The student signature page and professional endorsement must be either scanned in and emailed or mailed to the address listed.

The program is funded to allow participation by approximately 30 to 50 high school students/students-in-transition with disabilities from throughout Washington State to attend.

In order to allow for as many eligible students to participate, a youth may only attend YLF as a delegate once during their period of eligibility.

There is no cost to the student/parent/guardian for the student to attend YLF. All expenses, including travel to and from the Forums are full funded.

Students must be 16 years of age prior to the start of YLF and under the age of 22.

All disabilities are accepted and YLF pays for any needed accommodations or assistance.

The Youth Leadership Forum is a project of the Washington State Governor's Committee on Disability Issues and Employment.

Youth Leadership Forum Application

Initial Due Date – February 1, 2019

Application

Student's Name:

Gender:

Date of Birth: Age at Start of YLF (August 4, 2019):

If over 18 years, of age, do you have a Legal Guardian: Yes No

Mailing Address:

Street Address/P.O. Box

City, State & Zip Code

Student's Email Address:

Student's Cellphone Number (including area code):

Parent(s)/Guardian(s)'s Name:

Parent(s)/Guardian(s)'s Email Address:

Parent(s)/Guardian(s)'s Phone Number:

Attending High School: Yes No

Enrolled in a Transition Program: Yes No

Name of High School/Transition Program:

Mailing Address of School/Transition Program:

Street Address/P.O. Box

City, State & Zip Code

School/Transition Program Phone Number:

Name of High School/Transition Program Counselor:

Grade Level on July 1, 2019 (must be a junior, senior, recent graduate or enrolled in a transition program):

If graduate, date of graduation:

Are you receiving Services from the Division of Vocational Rehabilitation, Developmental Disabilities Administration, or Department of Services for the Blind? Yes No

Do you have an IEP/504? Yes No

Student Essay Questions

Your answers to the following questions will be used to assess your interest and readiness to participate in the Youth Leadership Forum. Please type your responses in the space provided or on separate sheets of paper(s) and attach it to your application packet. Your total responses for all four of these topics should not exceed two (2) typewritten, double-spaced pages.

1. What are two important experiences (good or bad) you have had as a young person with a disability? (Please be specific about your examples as they relate to your disability.)
2. In terms of leadership, please tell us about two people who have positively influenced your life and why. (Family members, teachers, counselors, friends, public officials or celebrities are appropriate examples.)
3. Why do you feel you are qualified to be a delegate to this Youth Leadership Forum and please tell us why you want to attend this Forum?
4. Describe your goals for after high school graduation.

[If you are planning to email your application, please be sure to print pages 6 and 7 and scan them for inclusion with your email or mail them. We must have signatures on the application.]

Student Signature

I have completed the Youth Leadership Forum Application and understand that I will be contacted regarding my selection by **February 10, 2019**. I understand that this is the initial application packet and a second packet will be provided that will include the opportunity for me to request accommodations and assistance (if needed), special dietary needs, travel arrangements and other information.

Signature of Student:

Date:

Signature of Parent/Guardian (if under 18):

Date:

Signature of Legal Guardian (if over 18, and appointed): *Date:*

This document must be signed and returned to: Governor's Committee on Disability Issues and Employment, Youth Leadership Forum, Attn: Elaine Stefanowicz, PO Box 9046, Olympia, Washington 98507-9046; Email: estefanowicz@esd.wa.gov **by February 1, 2019**.

Professional Endorsement

I, _____, have requested that _____
Student's Name Teacher, Counselor, Mentor

provide this endorsement of my application to the Youth Leadership Forum (YLF). I have provided them a copy of the YLF brochure so that they may comment on the benefit of my attendance as well as the strengths I bring to the Forum that will benefit other participants. This endorsement will be used to tailor the Forum to the needs of the participants.

Student signature Date Guardian signature (if required) Date

.....
Please complete the following endorsement and return it to: Governor's Committee on Disability Issues and Employment, Youth Leadership Forum, Attn: Elaine Stefanowicz, PO Box 9046, Olympia, Washington 98507-9046; Email: estefanowicz@esd.wa.gov **by February 1, 2019.**

Name: _____

Title: _____

Organization: _____
Name, address, and telephone number

Relationship to student: _____

Years known: _____

[On the reverse side of this page or another piece of paper, please provide a brief summary of the benefits this student would receive from attending YLF and what strengths the student will bring to the Forum that will benefit other participants. Your responses will not eliminate the student from the program but will be used to better tailor the program to the needs of the participants.]

What is the Youth Leadership Forum?

The Youth Leadership Forum (YLF) for High School Students with Disabilities is a unique career leadership-training program for high school juniors and seniors with disabilities that began in Washington State in 2000. Students serve as delegates from their communities at this six-day, five-night event. Young people with disabilities cultivate their potential leadership, citizenship and social skills.

Why is the YLF only for students with disabilities?

It is critical that young people with disabilities growing into adulthood learn to identify themselves with pride as individuals and members of the very accomplished disability community. By providing a framework of history and an atmosphere of encouragement, YLF offers peers with common challenges and experiences, the opportunity to learn from each other.

Delegates gain access to vital resources related to assistive technology, community support, and civil rights. Successful men and women with disabilities serve as role models in helping youth realize their ability, right, and obligation to pursue meaningful employment and contribute to society.

What is the YLF all about?

This educational and motivational Forum involves an intense schedule. Throughout the training, small “work groups” explore personal leadership and career plans. Social and recreational activities are included, as these are part of a well-rounded life.

Guest speakers address such topics as advocacy, employment, disability rights law, innovations in technology and community resources, access to higher education, etc. Other activities may include: accessible sports equipment, YLF Alumni presenters and often a meeting with the Governor or representative.

On the last night of the Forum, a talent show and a farewell dance is held to celebrate accomplishments with new friends.

The key to the YLF is leadership by example. The Leadership Luncheon brings together the delegates and adults with disabilities who have traveled the same path the young people are facing. To help make the program a success, many volunteers, some with disabilities and some without, donate their time to the YLF.

YLF Alumni take with them an obligation to follow through on goals outlined in their “personal leadership plans” that they have written for themselves. YLF Alumni will be encouraged to return to the YLF in later years as part of the volunteer staff.

How are delegates selected to attend?

The delegates are chosen through a statewide competition that seeks students with disabilities who are *leaders* or have leadership *potential*. Each applicant submits a standard application, a short essay and letters of recommendation. The delegates are interviewed and the YLF Application Committee makes its recommendations. The group of students that is selected is representative of the state in terms of geography, gender, race, ethnicity and types of disability.

Is there a cost to attend the forum?

NO! The commitment of the YLF is to enable youth with disabilities to grow personally, socially and academically, and to fulfill their potential in their work and other aspects of their lives. No student should be denied this opportunity because of an economic hardship. All costs, including housing, meals, interpreters, personal care assistants, transportation, meeting space, etc., are paid for through fundraising, state agencies and corporate donations.

Youth Leadership Forums for high school students with disabilities were developed by the California Governor's Committee on Employment of Disabled Persons in 1992. The Office of Disability Employment Policy in Washington, DC encouraged that this program be implemented throughout the United States.

Washington State's YLF is directed by the Washington Governor's Committee on Disability Issues and Employment.

In collaboration with the following Washington State government agencies and other organizations with the commitment of many individual volunteers:

*Governor's Committee on Disability
Issues and Employment
Division of Vocational Rehabilitation
Liberty Mutual Insurance
NW Fisheries Center/NOAA
Department of Services for the Blind
Individual Donors
YLF Alumni Parents*

This publication is available in alternate formats upon request.
