

Funding Help

The Northwest Tribal Comprehensive Cancer Program (NTCCP) offers cancer implementation funds to NPAIHB member tribes!

These small grants usually range between \$3,000 to \$5,000 and support implementation of Tribal cancer action plans.

Use these funds to support your skin cancer prevention efforts!

A central graphic with a background of people's legs and feet. The text "MAKE AN IMPACT ON CANCER IN YOUR COMMUNITY" is prominently displayed. Below the text is a call to action: "Apply for funding to support your tribal cancer control activities today!". At the bottom, there are four columns, each with an icon and a heading: ALIGN (checkmark icon), COLLABORATE (handshake icon), INNOVATE (lightbulb icon), and IMPACT (heart icon).

MAKE AN *IMPACT* ON CANCER IN YOUR COMMUNITY

Apply for funding to support your tribal cancer control activities today!

 ALIGN Align your activity with an objective from the Tribal Cancer Action Plan.	 COLLABORATE Work with your cancer program or cancer navigator if your tribe has one.	 INNOVATE Choose activities in cancer prevention that are specific to your community.	 IMPACT Reduce the cancer burden through cancer-prevention lifestyle behaviors.
